new posts to ensure you don't
miss anything.

From this old and worn out play area which was inaccessible
in wet weather, with its rickety wooden fence, villagers came

together to create
something better.
Now we have an
exciting new play
and recreation area
complete with play
equipment for
toddlers through to
teenagers and
exercise equipment
for older teenagers
and adults. The
area is complete

with picnic benches and a shelter for the rare
occasions when it rains in Combwich!

To this

PLAY AND RECREATION AREA THE STORY

The Otterhampton Parish Project Team (OPPT) was formed in January 2015 to develop, lead and coordinate the Hinkley C Community Impact Mitigation (CIM) process for our parish. Members are Pete Branson (Chair), Fiona Bennett, Julie Evans, Tina Gardener, Paul Gripton, Barry Leathwood, Stuart Mason, Gary Perrett, Aly Prowse, Fred Shirley and Liz Sidebotham. During February 2015, OPPT decided to leaflet every house in the parish to collect residents' views and ideas on how best to spend the anticipated CIM fund. Over 100 responses were received. The ideas were categorised under various headings such as Highways, Exercise, Play Area and Amenities and the results fed back to the community. The Play Area was the clear priority. At around this time we decided to have an Open Day to amalgamate the CIM responses

with the Parish Plan. The Open Day was held on 27.6.15 and was well attended. Again the Play Area came out on top as the highest priority and need for the parish.

During July we held meetings with Sedgemoor District Council (SDC) who supported our decision to apply for CIM funds to provide an enhanced play area. An initial design was drafted and again, sent out to every household for comments and ideas. We listened to people's views and did our very best to incorporate all of the suggestions into the final design. At this stage the parish council took over the process because as land owners of the Common and the Body responsible for raising and managing the funds, it became our responsibility. A contract was drawn up and sent to five contractors as suggested by SDC. The estimated cost was £100k. We met all of the contractors and made some further adjustments to the final design incorporating the best ideas from all five! Tenders were

received on 21.9.15, and the cost came in at £99k. In parallel we started the application process to the various funding organisations. Funds were approved from Viridor Credits (£47.4k) the CIM Fund (£38.2k) and SDC RLT3 Fund (£8.9k). We also received financial support from OPRA (£1k), the parish council (£2.5k), the children's Chat and Chill (£307) and SCC (£150).

All the funds were in place by the end of March 2016. We then placed the contract with Wicksteed our preferred contractor, who started the work mid-May 2016 on a six week programme, and the result is for all to see.

Notwithstanding the funders, this project has been the result of a real community effort from OPPT, the parish council, the residents who responded with ideas and wishes and attended the Open Day, everyone who took

time to write letters and gather signatures of support (including our Ward councillors), the School children who completed a survey and took part in a colouring competition for the Open Day (and the Art Class who judged the competition, Tom Jacobs who framed the winning entries), the volunteers who first cleared the brambles and site, the Village Hall committee, residents who kept an eye out during the construction, the neighbour who let the contractors have free access to their water supply during the build. The contract workers Paul and Nathan who worked so hard and responded to our every wish with good humour. We hope we have not left anyone out, but a huge, huge thank you to everyone who has helped and contributed to this project.

We hope everyone will have the opportunity to enjoy this amenity for many years to come.

Park Officially Open

John Berry, Parish Council Chair welcomes our guests and funders. From the left John, Ian Dyer Chair Sedgemoor District Council, Ms Derris Watson Viridor Credits and Ross Edwards EDF. Also present Lisa Redstorm CIM Manager from West Somerset District Council and Scot Mason SDC who helped greatly in the early stages.

Lyra age 7 and Evie aged 9, winners of the colouring competition, receiving their framed entries who then went on to cut the ribbon to the new play area.

A bouquet being present by Evie to Aly Prowse OPC clerk in appreciation of all the work she has put into this project to make it possible.

Above and below children and their parents enjoying the new facilities.

Finally thanks to all who made this possible from the volunteers who cleared the site to the village hall committee for providing the refreshments for this event.

Otterhampton Offcuts

Snippets from the June and July 2016 Parish Council and other meetings

Community Car Scheme – Otter Wheels

We are pleased to support Otter Wheels which started on 1st June. Twelve journeys were undertaken in the first month. We feel it will be a great benefit to our residents who for various reasons are unable to undertake journeys themselves. Grateful thanks to Jacqui Sparks (Chairman), Yvonne Bulman (Secretary and coordinator), Liz Brown (Treasurer), Barbara Baldry and Elaine Last (coordinators) and of course our drivers, all of whom enabled this scheme to get off the ground. We must also thank County Councillor John Edney who awarded £250 from the Health and Wellbeing Budget. The parish council also contributed £200. More drivers are required, so if you are interested please contact Yvonne on 652713 or any of the officers.

Combwich Track Maintenance

We have recently obtained prices to carry out pothole repairs to the Combwich track. Hopefully the work will be carried out during July.

Tree Maintenance

Following a very windy evening in late June, we were alerted to a large branch high up in a tree opposite Mill Close that had snapped and was hanging dangerously over the road. We emailed Highways overnight who sent a gang first thing in the morning to make the tree safe. Highways did advise us that there is a manned 24 hour contact line in case of future emergencies, regardless of who might own the tree (s). This telephone number is 0300 123 2224.

Transparency Code

The Transparency Code was introduced within the Local Audit and Accountability Act 2014 which sets out a new audit framework for local public authorities which are currently covered by the Audit Commission regime. Under the new audit framework smaller authorities with an annual turnover not exceeding £25000, such as ours, will be exempt from routine external audit. In its place, smaller authorities will be subject to the new Transparency Code requirements. Each year by 1 July, we must publish on a website (www.combwich.org.uk) the following information:-

Annual Audit Return (Section 1 Annual Governance Statement; Section 2 Annual Statement of Accounts, including bank reconciliation and variance analysis; Internal Audit Report – page 5)

Declaration of Status of Published Accounts and Exercise of Public Rights Notification

List of Individual items of expenditure over £100

List of public buildings and assets

List of Councillors, roles and representations at external organisations.

We are fully compliant with these requirements.

Enhanced Play and Recreation Area

We hope you will be justly proud, enjoy and take pleasure from the play and recreation area for many years to come.

The parish council and OPPT when organising and designing this project, had (and wanted) to take into account the fact that the Common is a site of Special Scientific Interest (SSSI).

This was a challenge, but also encouraged us to ensure that the development had a minimum impact on the environment and was both functional and visually attractive. The muted colours and porous surfaces are part of that plan to create our very own rural play and recreation area.

This amenity is for the community to enjoy and we hope that everyone will help look after it. Whilst hopefully there will not be the need, should you see any suspicious activity, or vandalism, please report it to the Police on 101 or in the event of an emergency 999.

General Parish Enhancement

We traditionally have no parish council meeting in August, but we do have a parish walkabout to try and identify areas of improvement we feel may enhance the parish. Please do get in touch if you have any ideas or wish to draw to our attention any possible enhancement.

C182 Cannington to Combwich Night Time Road Closure

The night time road closure has been postponed as per the following statement from Somerset County Council.

“The construction of the new shared pedestrian/cyclist facilities along Combwich Road and other associated works has been delayed due to unexpected alternations required to utility assets in the area. These works have been essential to enable us to proceed with our construction works. Unfortunately, the diversion works deferred the start of main construction and subsequently, postponed the road closure planned for the last phase of works that involves surfacing.

As you are probably aware, the main construction works on Combwich Road have already started on 6th June 2016. The majority of works will be undertaken under temporary 24/7 single file traffic signals, but for the period of three weeks commencing on 26th September 2016, the evening closure will be also implemented. After much thought and careful consideration, it has been decided to use evening closure to ensure works are completed in a safe and efficient manner and would not cause much disruption to local residents. The closure has been programmed to provide the Contractor with a sufficient time to complete works within given timescales or, if possible, ahead of schedule. I understand that temporary restrictions may have an impact on journey times, but regrettably, we are not in a position to start road closure later than 1900hrs as this may have a possible impact on project completion date. The road closure for re-surfacing works will be implemented from Monday evening to Friday evening; road should remain open during weekends (Saturday 6am to Monday 7am) though. We sincerely apologise in advance for any inconvenience this may cause.

I would like to confirm that we have a duty to maintain the access to emergency services as and when required. Also, an access to adjacent properties will be kept at all times, but in case this will be temporarily not possible due to nature of undertaken works, all affected residents/business owners will be liaised with regards to alternative arrangements in advance.”

Otterhampton Parish Council

Behind every successful man there is an astonished women!

Update on dog poo

It is now five months since a PC survey found 42 recent sites of dog defecation on Wharf

Road. As promised, poo bag dispensers have been installed at two places in the village and another bin has been added to the three already in use. The PC is pleased to report that a dramatic improvement has taken place. A survey on July 5th found only two instances of dog poo on Wharf Road and a similar decline throughout the parish. This is really good news for us all.

However, the nuisance created by irresponsible dog owners is significant and it also threatens the health of our children through toxicaria infection. Dogs that are not regularly wormed carry this in their faeces. It can cause loss of sight and although the risk may not be high, it is one that no sensible adult would wish to expose other people's children to.

Other risks to livestock health are presented by dog faeces in farm fields. Despite the improvement, there are still dog owners living in Combwich who are not prepared to clean up after their animals. And here's the thing - people have made the PC aware of the identity of the some regular offenders.

The fact is that people *are* prosecuted for this offence up and down the country and until we succeed in eliminating in Combwich, the PC will continue to bring this issue to your notice. We are in the process of setting up a meeting with the Dog Warden and with the Police, to look at the possibility of taking the offenders to Court. Please clear up after your dog. If you don't, ***you have been warned.***

FIRST FLOOR OTTERHAMPTON VILLAGE HALL,
COMBWICH

The Combwich Bowling Club is a short mat bowling club which can be enjoyed by all ages

We should be very pleased to welcome anyone 12yrs to OAP who would like to come along and try this great sport and enjoy a good humoured competitive evening.

Club nights are Mondays & Wednesdays 7.30 – 9.30 pm & Fridays 6.30 to 8.30pm.

Any questions can be answered by Brian Aley 652747 or Marcus Ford 652971

Otterhampton Parish Recreation Association (OPRA)

Registered Charity Number 1124017

OPRA's 100 Club provides most of our income which is all spent within the parish. It enables us to put on our annual Easter Egg Hunt with a free Easter Egg for all children taking part. In November the annual Firework Display is organised by OPRA and in December all over 60's are invited to an excellent Christmas Dinner every year. Walks and talks and other events are organised throughout the year.

Grants are also available to help other organisations who need a little financial help. To download an application form go to www.combwich.org.uk and click on the OPRA section. The website is the property of OPRA and exists to serve the parish, and is a good place to go for up to date information.

We are always looking for volunteers with good ideas to widen our range of activities or to help with the website please ring 652399.

The 100 Club draw takes place every month at the Coffee Morning Otterhampton Village Hall and the winning numbers are displayed in the Post Office and the parish website www.combwich.org.uk shortly afterwards.

If you want to join the 100 Club or become involved in OPRA activities please contact Ann on 652399 or any committee member.

Works beginning at St Peter's Church

I am delighted to announce that repair works will finally be starting at St Peter's Church in Combwich on 11 July. We are hopeful that all the repairs to the spire will be completed within 6 months.

The first stage will be the erection of scaffolding. The contractors will endeavour to undertake the work with minimal inconvenience to the village but there may be minor traffic disruption in the first week whilst the scaffolding is unloaded. If anyone has any concerns, please contact West Country Stonemasons on email info@westcountrystonemasons.com or telephone 01752 690133.

Further details will follow but in the meantime I am so grateful for your support as a village during the difficult time of closure. Thank you for your patience. If you have any questions about the repairs, please do get in touch.

Revd Alison Waters

01278 652953

Cannington.benefice@gmail.com

Crimson Hill Support is a company which supports people with a learning disability in the community. We specialise in supporting those individuals who have complex needs: people on the autistic spectrum, fragile health needs, a physical disability, additional conditions or acquired brain injury.

All support is flexible and designed around the person, it can be a few hours a week or 24 hour support. Support is designed around the individual's needs and is completely bespoke, including hours, staff and activities. We also provide respite support for those people who live at home still, to give families and carers a break. This may be at our house in Combwich.

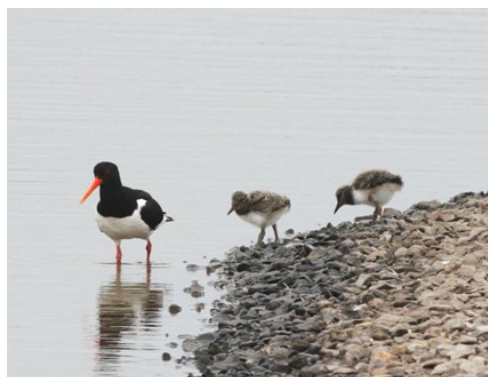

We are keen to be a positive part of the local community, and add to the fabric of the village. The people who stay at Riverside are vulnerable adults, who require for the most part 24 hour support. The majority of people will choose to stay at the house, as being in a busy place such as towns scares them. Although some people love to take advantage of the fantastic local walks, whilst others enjoy popping to the shop. Some people will stay overnight at the house, whereas others use it as a place to spend the day during holidays.

If you would like further information, or would like to meet either Steve or Felicity to discuss then please give the office a call on 01823 255000 to arrange to meet.

Wildlife Update

The Lapwing on Stockland Marshes have successfully hatched their chicks. As the very first waders to breed on this part of the reserve, this is exceptionally exciting as this is a key target species the land is being managed for.

Fantastic views of Oystercatcher and Little Ringed Plover chicks have been enjoyed from Quantock View hides, where there have been successfully reared.

Oyster catcher and chicks (Simon Fairweather)

We've had the excitement of 2 rarities on the reserve: a flyover Bee-eater and a White Stork on Otterhampton and Stockland.

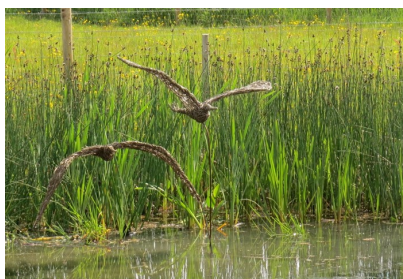

White stork on Stockland Marshes
(Roger Musgrove)

Bridge opened

Those of you who regularly walk around Stockland Marshes have no doubt noticed we've opened up the new bridge. This new route takes you through a flower rich meadow and multiple ponds. It will prove its worth, not only with its wildlife but during the winter months when the previous path used to be barely passable due to the mud and deep ruts.

Willow trail

We've installed two willow egrets on the reserve and they've been so well received that we're currently commissioning some more sculptures. The species chosen are those that you would regularly see on the reserve and connected specifically to wetlands.

Results from this year's monitoring

The final report, outlining the findings from the monitoring on the reserve over the past year will be released shortly. A lot of the monitoring was carried out by WWT volunteers who are vital in continuing the important conservation work we are doing. The monitoring has been funded by the Environment Agency as part of the original scheme to insure the site is developing in the way it was intended. These will be included in next month's addition

Visitor Surveys – We need you!

We are currently carrying out visitor surveys. If you ever visit the site we'd love to hear your views – please either email Lucy Bartlett (email below) for a copy of the survey or pop into the office next time you're on site. We really want to hear from everyone who visits, for whatever reason. If you're interested in helping other visitors complete surveys, please also get in touch.

Volunteers Needed

We are currently looking for volunteers who can help with events away from the reserve, Community Engagers. This is for people who are interested in WWT Steart Marshes and are happy to talk to people about it, encouraging them to visit. We attend events like local fairs, if you'd like to find out more, please contact Lucy Bartlett at lucy.bartlett@wwt.org.uk or ring the reserve office on 01278 651090. We regularly have other volunteering opportunities as well, so please get in touch if you're interested.

For any enquiries or concerns about anything on the reserve please don't hesitate to contact **Alys Laver Site Manager WWT Steart Marshes** Reserve Office, Stert Drove, Bridgwater, Somerset, TA5 2PU

01278 651090/07717 505966 email;
alys.laver@wwt.org.uk

News from Combwich and District WI

Vanessa J Smith

News from Combwich & District WI
by Vanessa Johnstone-Smith (President)

Our meeting on Thursday 21st April was a full programme of events, starting with our AGM when we welcomed our new Secretary, Brenda Wasley and said a big 'Thank You' to Anne Weston after several years as Secretary.

We raised our glasses in a toast to The Queen on her 90th Birthday with some suggestions that we should make this a regular consumable instead of the traditional tea and biscuits!

Our Guest Speaker for the evening was Jane Tarr who explained and demonstrated the use of Aromatherapy and gave us all a lovely hand massage. She then judged our competition of TV Celebrities, we had several of the cast of 'Home Fires', even Vera put in an appearance, however Liz Turner's 'Hiawatha' stole the show.

On Monday 18th April, members had a private tour of the Hinkley C site. This was very interesting and many were astounded at the size of the 'earth movers' and the mountains of soil and stock piles of aggregate on site. The provision for wildlife was also an eye

opener!

In my absence on Thursday 19th May the members had a social evening with a ploughman's supper, with so much merriment going on and because the visiting WI team had cancelled, they decided not to play skittles!

On Saturday 11th June, the Annual Meeting of the NFWI was held at Brighton which I attended as a link delegate to cast the votes for the Resolutions. Both were carried :- "calling on HM Government and NHS to provide appropriate care in hospitals for people with dementia" which received a huge majority. Also "The WI calls on all supermarkets to sign up to a voluntary agreement to avoid food waste, address poverty". This also fell on the day of HM The Queens Official Birthday, so Brighton beach was a sea of flag waving revellers – (and I am not going to mention the European Football!!!!) plus 4.5 thousand WI delegates!

Our meeting on Thursday 16th June was another time for more social interaction as sadly, our Guest Speaker, who was going to talk to us about 'Riding Side Saddle', had to postpone at short notice. Sue Jacobs put together a very challenging Quiz. It was a very enjoyable evening.

Next meetings:- Thursday 21st July when members will be 'Eating Out' at the Babbling Brook. There will be no meeting in August.

Combwich & District WI wish you all a very good summer and if you would like to join us or learn more about our meetings, do not hesitate! please contact :- Vanessa on 01278 652830 or Brenda on 01278 446279, we would welcome your call.

EDF UPDATE *Tim Jones*

Will September bring a final decision on Hinkley Point C, or was the shock Brexit vote the final proverbial nail in the reactors' coffins, long before they are ever built?

In recent weeks, HPC certainly has been eating up the column inches in our national press, with some initial safety fears morphing into more widespread concerns over financing of the project. A United Nations committee also chipped in, with a claim that the UK failed to consult European countries properly over potential environmental risks. Other names thrown into the pot by the media have included the Russian nuclear industry and even our own Nuclear Decommissioning Authority, although if they get involved, with the speed that bureaucratic body moves, we would be lucky to see new nuclear build this century.

Throughout it all, EDF has stated repeatedly that it is fully committed to HPC, but the company has been saying that for nearly a decade now. Infrastructure work is continuing and those familiar Hanson lorries travel regularly along what must be the most pampered, well planted and superbly fenced bit of road in the country - namely the new Cannington bypass - en route to and from the HPC site.

China is committed to around a third of the predicted £18bn cost of HPC, but there have been well-publicised rifts over finance within the state-owned French company, as well as some of the country's leading politicians and unions expressing strong concerns over the financing of the project. There was even talk of EDF selling off the odd airport or two, to raise some funds.

The French company has already spent an estimated £2bn on planning, infrastructure and ground works, but looked at in the cold light of day, that is only just over 10 per cent of the total anticipated cost.

So what will happen in September? Well, one learned national newspaper claimed Brexit would provide France with the perfect excuse to pull out, but the article was based mainly on an interview with a "nuclear expert", although from memory the same person has always sat firmly in the anti-nuclear camp, so I suppose he would say that. However, while David Cameron has always been a firm supporter of HPC, his replacement as Prime Minister may have different views. Watch this space.

Otterhampton Village Hall

News from the Otterhampton Village Hall Committee

Wildlife and favourite family recipes

We are looking for entries for the 2017 calendar and need your help! We are going to reformat the calendar for next year and will have space for monthly Wildlife photos with Favourite Family Recipes on the reverse page. So you will get more for your money.

Wildlife photo's need to have been taken by yourself or someone in your family; please state the title of the photo, where it was taken, name, the photographer's name, and age if under 16, so the details can be added to the calendar.

For the Favourite Family Recipes please give the name of the dish, full instructions and a photo of the completed dish; please add your name and age if under 16.

All entries need to be in by the 31st July 2016 and the Village Hall Committee will decide which Wildlife photos and Recipes will be included in the Calendar. Entries by email preferably to Audrey Rowley at audrey.rowley@outlook.com If you don't have access to email please post your photos/recipes through the village hall letter box but remember to add your phone number or address so they can be returned to you.

The Calendar helps raise much needed funding used to help with the upkeep of the Village Hall. Last year we sold 100 copies and hope that next year sales will increase even more. Every home should have one of the Calendars! We hope the Calendar will be on sale from October 2016 and if you would like to reserve your copy email Audrey on audrey.rowley@outlook.com, ring 01278 653298 or pop a request into the Village Hall letter box. Your support is very much appreciated.

We are also looking for additional sponsorship to help fund the cost of production. There will be 24 pages available so if you have a business to promote and would like to advertise in the Calendar please contact Audrey on the email address above for details. Each sponsor needs to supply a logo / picture and contact details, which will be reproduced on a page of the Calendar.

The village hall is used almost daily for a wide range of activities from keep fit to art classes and the weekly coffee club and monthly village market. Bowls, skittles and darts clubs are also active. The hall is available for private hire at £12 per hour which is negotiable for regular users - contact DI Davie on 01278 652141 or email her on: dianadavie@hotmail.co.uk

The Harbour View Club bar can also be available for events - contact the Club direct for more information.

Everyone is welcome to use the hall and Club so if you are interested please check the events list in the noticeboard outside the hall and the calendar at the back of Otter Tales and on the Combwich website. Events will also be advertised in advance on the blackboards outside the hall and at the entrance to the village.

Both the Village Hall and Harbour View Club are run by volunteers who are trying to provide more for Otterhampton residents. If you would like to come along we would all be pleased to see you. It's your Village Hall and the more it is used the better it will be.

BONFIRES *by Bob Birkenhead*

Now the gardening season is in full swing a lot of burnable garden waste is generated and some people choose to burn this waste in their gardens. If you live in a village surrounded by other houses, lighting a bonfire in your garden can be anti-social.

In the summer people are more likely to have their windows open and also have washing hanging out. Houses can soon fill with the smell of bonfires and washing may need re-doing. Burning garden waste produces lots of smoke especially if the waste is damp and smouldering.

Bonfire smoke may cause problems for asthmatics, bronchitis sufferers, people with heart conditions and children.

Smoke prevents your neighbours from enjoying their gardens and can also reduce visibility on roads. Fire can also spread to fences or garden buildings if not properly controlled.

There are other ways than bonfires for dealing garden waste. Either take the waste to the recycling centre in Bridgwater or invest in a green bin by contacting Sedgemoor District Council online or by phone on 0300 3037803, the bin is collected every 2 weeks.

Please consider your neighbours

MOBILE LIBRARY

The mobile library visits Combwich and Stockland every four weeks on a Tuesday morning.

Visits are on Tuesday July 19th, Aug 16th, Sept 13th, Oct 11th, Nov 8th and Dec 6th

Otterhampton School TA5 2QS 9.45 - 10.40

Harbour TA5 2QU 10.45 - 11.05

Combwich Post Office TA5 2QW 11.10 - 11.30

Stockland Bristol Captains TA5 2PY 11.40 - 11.55

Please make use of this facility, we have the advantage in Combwich of the school using the mobile library.

Unfortunately the service has recently been withdrawn from Steart due to lack of use.
